

## **2015 Day 15**

## **Advent Pieces**

In today's puzzle piece all pairs of adjacent digits that are consecutive have a bar (e.g. 1|2), and those that sum to 10 have an X (e.g. 1X9).

Eva either received the crystals or the cookbook as her gift. 15

## **Bonus Puzzles**

Today's bonus puzzles are inequality difference sudoku. The clues used in these three grids are the same as the clue types used on days 1 and 3 of this year's sudoku portion of the calendar.
