Tree Outside Slitherlink

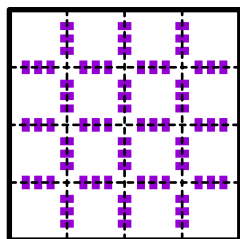

...in which the trees must be outside the loop you create

Tree Outside Slitherlink

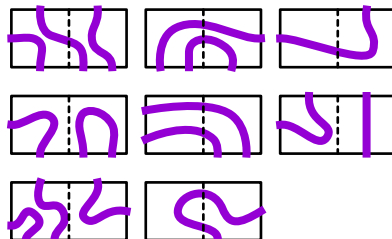

Tree Outside Slitherlink

Loop Builder

Use the tiles given to create a 4x4 square with a single loop through it. Tiles can be rotated but not flipped.

This puzzle set has been created by me (David Millar) in March 2006. *It was redesigned & appended May 16, 2010 for Maintenance Month.*
