pentomino crosswords

Use the clues below each grid to fill the grid with letters. Clues 1, 2, and 3 correspond to the word in the 3 rows with 4 letters. The clues given a letter correspond to the shapes in the grid containing 5 letters. Words inside shapes usually follow a logical order - in most cases from left to right starting with the topmost squares and ending at the bottom, or from the first square in a chain to the last.
