Puzzles Created by David Millar

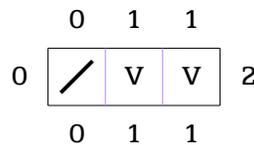

## Haunted Mirror Mazes

The grid represents a mirror maze with mirrors and some combination of ghosts, vampires, and zombies. Use the numbers of people seen from outside the maze to determine what entity each dot represents. If a puzzle contains a set of shaded squares, all of the squares contain the same entity type – all ghosts, all vampires, or all zombies.

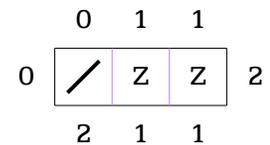

Ghosts are only seen in mirrors, not head on.

Vampires do not reflect in mirrors and are only seen head on.

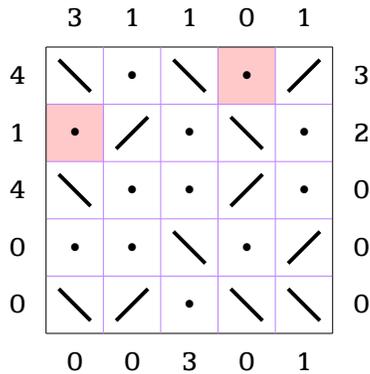

Zombies can be seen head on or in mirrors.

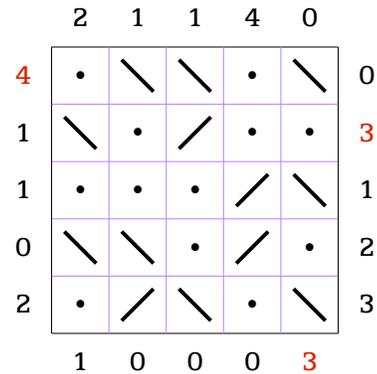

### Puzzle 1:

6 Vampires, 6 Ghosts  
Corrected 5/13/08

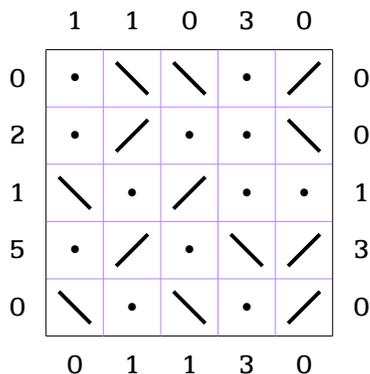

### Puzzle 3:

6 Vampires, 6 Ghosts  
Corrected 3/24/08
