

In each of these puzzles, fill the grids with 8 vampires (which have no reflections), 8 ghosts (which are only seen as reflections), and 8 zombies so that the numbers outside the grid tell how many monsters are seen from that viewpoint looking into the grid.

The miniature grid at right is an example of the way each monster can (or can't) be viewed within a puzzle.

The Haunted Mirror Maze iPhone app is currently on sale in the iPhone App Store at <http://itunes.com/apps/hauntedmirrormaze>

Puzzles created by David Millar. More can be found at <http://www.thegriddle.net>
