

## Instructions

Create a loop through the grid at right following the clues given.

A cell containing a digit must be surrounded by that many pieces of fence.

On darkened circles the fence must have a 90 degree turn with straight sections before and after.

On white circles the fence must continue straight with a turn before and/or after the circle.

## Backed By

These puzzle are dedicated to my Paranormal Puzzle Pack Kickstarter backers Miles M. and Cameo W. as their custom puzzles!
