## **Instructions**

In each shape sudoku grid, fill each row, column, and 3x3 square with one of each digit from 1 to 9 with no repeats.

In addition to a handful of givens, the puzzles contain two clue types:

An X denotes a pair of cells that sum to 10.

A bar denotes cells which contain consecutive digits. (e.g. 1 / 2, 2 / 3 ... 8 / 9)

All possible clues are given in this set. In other words, two cells with no symbol between them are neither consecutive nor sum to 10.

## **Backed By**

This set of sudoku puzzles is dedicated to Kickstarter backers Joshua B., Lori E., Jim K., Mona C., Pamela K., and Lewis T. Thank you to all of you for backing Paranormal Puzzle Pack!
