

## Advent Pieces

Today's piece uses Kropki clues. White circles mark every pair of consecutive digits (e.g. 1 & 2, 5 & 6). Black circles mark every pair where one digit is 2x the other (e.g. 1 & 2, 4 & 8). All possible clues in this square are given. If 1 & 2 are adjacent, they may have either clue type.

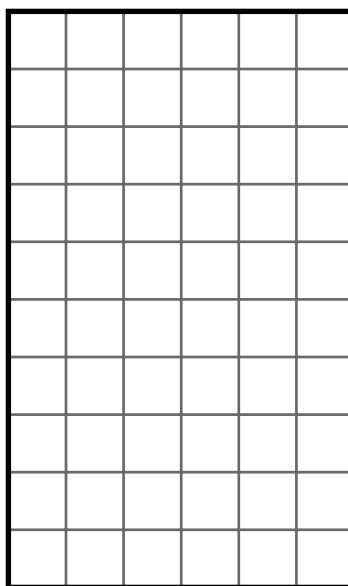

**Errata:** The original posting of Day 6's Junior Track calendar piece had an extra, invalid clue in the top left. Here's what the grid should look like:

## Bonus Puzzle

Today's bonus puzzle is Tetra-Drop Grid Fill. Drop the tetromino pieces into the grid in the order given to spell ten 6-letter words as clued at right.

The pieces may not be rotated or reflected and must be able to be dropped into the grid from the top, coming to rest on another piece or on the bottom of the grid.
