More Greater-Than Sudoku

use the given numbers and greater-than/less-than signs in the grid to determine the digit for each square. Each square should contain a digit from 1 to 4 and no digit can be repeated in any row or column.

```
[ ] > [ ] < [ ] < [ ]  |  [ ]     [ ]     [1]     [ ]  |  [ ] > [ ]     [ ] < [ ]
              V         |          V               ∧   |                 V       V
[2]   [ ]     [ ] < [ ] |  [ ] < [ ]     [ ]       [ ] |  [ ]     [ ] > [ ] < [ ]
          ★             |              ★               |              ★
[ ] < [ ]     [4]   [ ] |  [ ] > [ ] < [ ]       [ ]   |  [4]     [ ] > [ ]     [ ]
              V         |                  ∧           |                         ∧
[ ] > [ ]     [ ]   [ ] |  [ ]     [1]     [ ]     [2] |  [ ]     [2]   [ ]     [ ]
```
