

## Instructions

In Helter Skelter crossword puzzles, answers entered vary in direction. For each clue, begin in the numbered square and write the clue's answer in a straight line toward (and, if necessary, beyond) the next numbered cell in sequence.

Traditionally, Helter Skelter crosswords fill every cell in the grid. In this variant, the clues will conclude early and the remainder of the grid must be filled using sudoku logic.

Once complete, each puzzle in this set will spell an additional, unclued nine-letter word made with nine unique letters somewhere in the grid.

The first word in the first puzzle has been entered to get you started.

Whoops... all these answers only use 8 unique letters. Hopefully the hidden 9-letter word is obvious enough to help you figure out the 9th letter...
