

Greater-than symbols should open toward the bigger number, and point at the smaller number. Use the symbols along with your answers from days 2, 4, 6, 7, and 9 on your worksheet to find the unique solution to today's block.

Neighboring cells sharing an unshaded dot must contain consecutive digits.

White Blooms

Little fish
Depended
Classic tunes

Striped Blooms

Shoved
Drank fast
Darted toward

Gray Blooms

Type of gun
Greetings
Aspects
Preacher

Today's feature puzzle is Rows Garden. Place letters into the 'petals' in the grid to form the answers to the clues. Each row contains one or two entries, and each 'bloom' contains a six-letter word surrounding its center. It's up to the solver to determine where the word starts and in which direction the word winds around the center.
