

Greater-than symbols should open toward the bigger number, and point at the smaller number. Use the symbols along with sudoku logic to fill today's block.

Clues between pairs of neighboring cells are the difference between the digits.

Gray Blooms

Talkative
Like a 'ready' plant cutting
Haircut provider
Drive-in worker

Today's feature puzzle is Rows Garden. Place letters into the 'petals' in the grid to form the answers to the clues. Each row contains one or two entries, and each 'bloom' contains a six-letter word surrounding its center. It's up to the solver to determine where the word starts and in which direction the word winds around the center.
